Charter of Services

Cabo de Gata - Ciudad de Almería Exhibitions and Congress Center

1/ General information

The **Cabo de Gata – Ciudad de Almería Exhibitions and Congress Center** is the reference place to concentrate the congress activities of the city. A modern and versatile infrastructure created as part of the complex designed for the **Olympic City of the 2005 Mediterranean Games**, provided with all kinds of facilities. It has 9 halls distributed along its eight thousand square meters with a capacity of five thousand people, a safe bet to conduct your event, a real success.

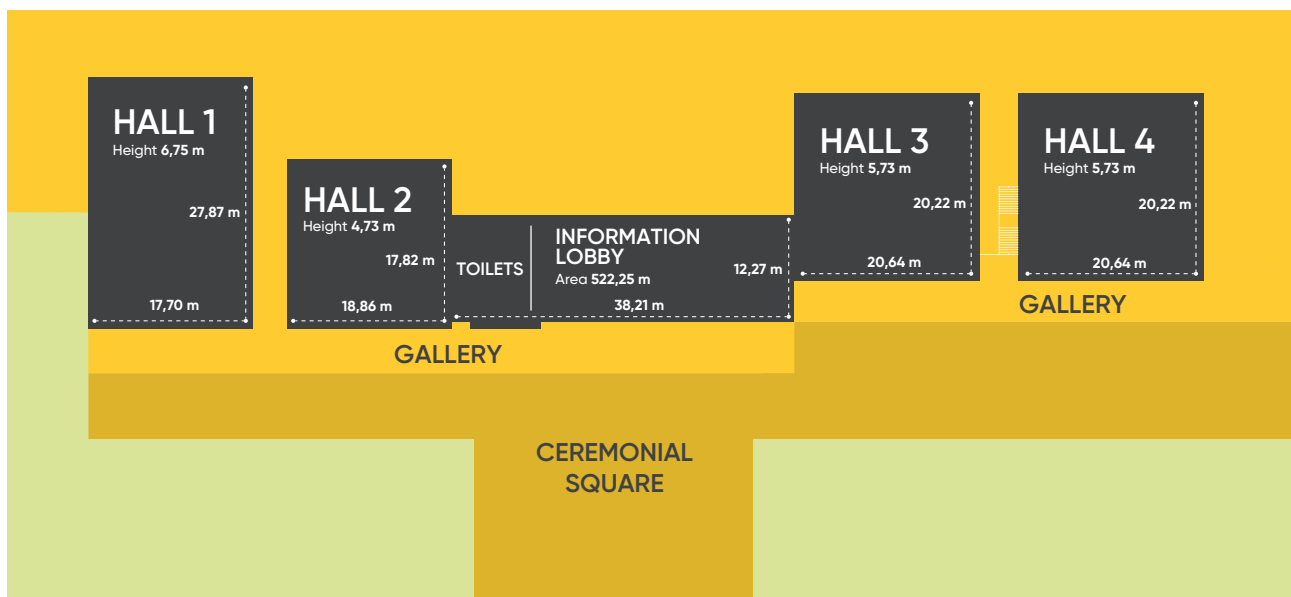

At only 10 minutes from the capital and close to the international airport, El Toyo is the entrance to the **Cabo de Gata Natural Park**. A quiet place and near to the sea to enjoy the good weather, the restaurants, the typical tapas bars and the not so typical ice-cream shops and pizza restaurants. All this makes possible that anyone could enjoy a nice time around the **Plaza del Mar**. One of the spaces with highest attendance of public during the day and nightlife, by nightfall.

All this congress and business area is accompanied with an accommodation capacity of more than 1,100 rooms in less than 350 meters around.

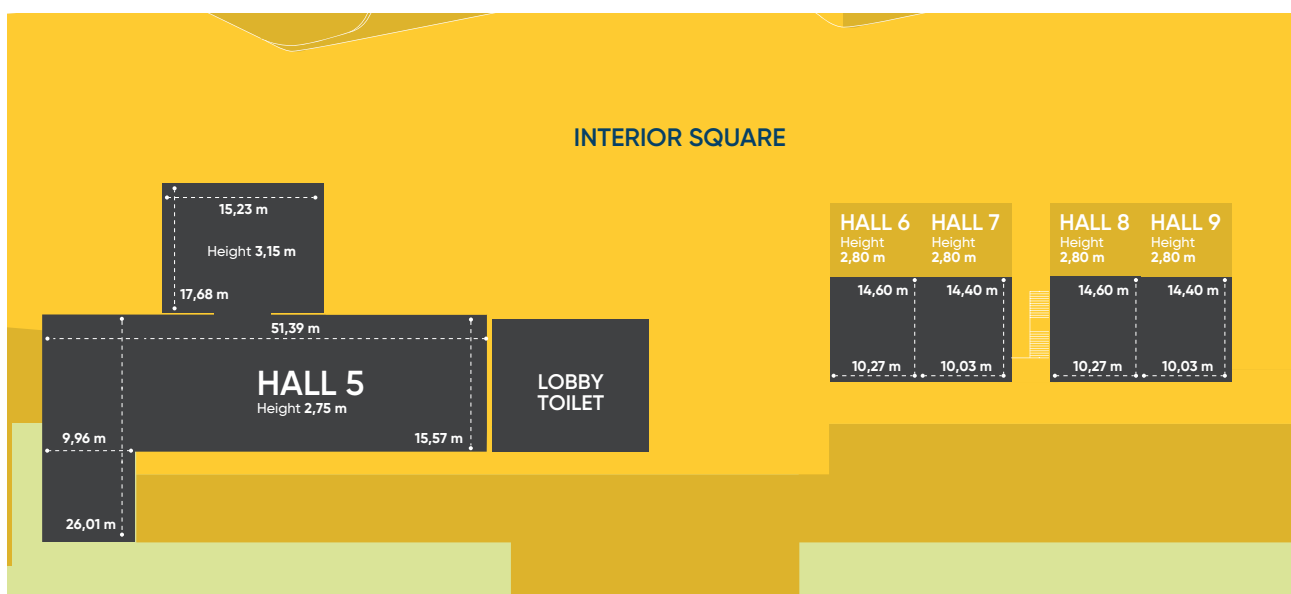

To complete this excellent equipment there is a golf course of 18 holes, as well as a sports pavilion, a high-resolution hospital and a large commercial and leisure area only a few minutes on foot.
