## ALMERÍA CITY OF CONGRESSES

Almería boasts an exceptional Mediterranean climate and excellent facilities and services. This, combined with its cultural, historical, leisure, and cinematic offerings, makes it unique on the Spanish coast.

## CABO DE GATA-CITY OF ALMERÍA CONGRESS CENTER

Furthermore, the city has made a significant investment in becoming an ideal location for congresses, conferences, and trade fairs, with the Cabo de Gata-City of Almería Congress Center standing out as the leading center for the city's congress activity. Located in El Toyo, just 10 minutes from the capital and close to the international airport, it is equipped with all kinds of facilities and has a capacity for 5,000 people in its 8,000 square meters.

This congress and business venue is complemented by accommodation with more than 1,100 rooms within a 350-meter radius. This excellent facility is complemented by the presence of an 18-hole golf course, a sports pavilion, a high-resolution hospital, and a large shopping and leisure area just a few minutes' walk away.

## OTHER VENUES

In Almería, we have other venues for conferences and congresses distributed throughout the city: the University of Almería, the Technology Park, and the Maestro Padilla Auditorium are some of the larger venues, but we can also find places of singular beauty and history such as the Arab Cisterns or the Cervantes Theatre.
